WORK EXPERIENCE

Associate Software Developer
Capfront Technologies Pvt Ltd

10/2019 - Present   *Bangalore, India*

A product based ccompany with an App, LoanFront - that helps customer get quick, easy online intstant personal loans

Achievements/Tasks

- Implemented an admin dashboard for an App which offers loan to people online based on their salary details.This dashboard is designed for managing company customers by its various departments like admin team, finance team, underwriting team, customer support team etc. Role based access is implemented here. Based on user's role user can Edit/View/Delete data . **Technology used -**
- **React.js .**
- **Redux (A state management library).**
- **Antd Design (A react component library).**
- Designed an website (peoplefront.in) using Bootstrap , Sass and Javascript/jQuery.
- Integrated API using Ajax.
- Designing and Implementing email templates for marketing campaigns.
- fixing bugs in Production.
- Collaborated with designers and product managers to enhance performance and build great experience.

PERSONAL PROJECTS

### North East Travel and Tourism (01/2019 - 06/2019)

- I developed this project as my final semester assignment . My primary objective was to develop an website where user can go to the portal to view and book touring packages of various historical/attractive places which includes accommodation facility as well. **Tecnologies used -**
- **Html,CSS.**
- **Php.**
- **JavaScript.**
- **MySql.**
